**Re: Underground Storage Tank/Mrs. Louise Falk's Property
609 Woodland Drive, Greensboro, North Carolina**

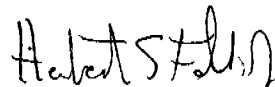

Dear Mr. Salley:

This is in reference to the Notice of Violation (NOV) dated March 9, 1992, concerning my mother's property described in the caption, issued to Harold Bynum, an attorney at Smith Helms Mulliss & Moore in Greensboro. In a letter dated March 16, 1992, Mr. Bynum responded to the NOV pointing out an error in the allocation of responsibility, and requesting that the NOV be reissued. While we are awaiting a response to Mr. Bynum's letter, we are providing you with a current status report regarding the tank.

My mother, Mrs. Louise D. Falk, has decided to remove the tank. With my help, she is in the process of engaging an environmental engineering firm to coordinate the removal and all other activities associated with the project, including preparation of an Assessment Report and, if necessary, a Corrective Action Plan. We expect that the engineer or other contractor will be selected in the next few days.

Either directly or through a contractor, we will advise you of these developments. In the meantime, if you have any questions or need additional information, please contact me at 373-1300 or contact Harold Bynum at 378-5285.

Very truly yours,

Herbert S. Falk, Jr.

cc: Mrs. Louise D. Falk
Mr. Harold N. Bynum
